

PLEASE NOTE:

This is a shortcourse ODE. This means that there are less jumps and the distance is less than the normal distance on both the cross-country and showjumping courses. The cross-country phase will run at 2 minute intervals. As you cross the cross-country finish line you will walk to the showjumping ring where you will present yourself to the judge immediately and will have the standard 45 seconds to present to your first showjump. The showjumping phase will therefore be ridden wearing cross-country attire.

The dressage phase will be run in the morning wearing the standard attire for Pony Clubbers and Adults eg. Full Pony Club uniform or hacking jacket.

Good Luck!
