

Harry Whitney Clinic

DATE: 8th – 12th Feb 2012

VENUE: Kersbrook Equestrian
Centre

“When you work with a horse's thought, softness is a wonderful possibility”

“So often we focus on what the horse is doing and miss the fact that the horse's mind will affect what he does and how he does it. If we give attention to the horse, how he is feeling in the moment, where his thought is and offer him the help he is looking for, many of the things we thought were problems will be cleared up.”

Harry Whitney is one of America's top trainers and we are lucky to have him visiting South Australia next year. Don't miss this opportunity to ride in or audit at this clinic and experience a unique approach to horsemanship. Seeing things from the horse's point of view is Harry's hallmark. More than a clinician, Harry's true focus is teaching.

A fantastic opportunity to increase your understanding of how a horse thinks and reacts to life's pressures and how to create a willing partnership with your horse for the long term
